Since it launched, the CIF has supported projects such as upgrades to sports facilities, improvements to community buildings such as new heating systems or accessible toilets, staff costs for projects or maintenance, IT systems or support and cultural events and activities. Through the main CIF round, grants of up to £10,000 are available for projects designed to strengthen local communities. Applications to the fund should be made before the closing date of Friday 28 November. Alongside the main CIF round, micro grants of up to £1,000 are also available. These grants could help reduce social isolation, improve wellbeing or encourage communities to connect. They could also support organisations to build and develop their capabilities and skills. Applications to the micro grants fund will remain open until all the funds for these are allocated. The fund is administered by the Essex Association of Local Councils (EALC) on behalf of Essex County Council. 2. **Shonks Mill Road** – Report received by Clerk of Navestock Parish Council that there is a safety issue in terms of white lining at its junction with the A113. 3. **HGV Sign damaged Mutton Row** – (Ref: 2990839) – update ECC has risk assessed this enquiry and determined that it does not need immediate action. ECC has recorded this issue and will continue to monitor the area during future inspections
4. **Impassable Footway between Little End and Marden Ash** (Ref 2994272) – The issue raised does not meet ECC investigation level. ECC has determined that the issue it does not meet our minimum requirements to be recorded as a defect at this time or the issue may have already been resolved. Enquiry now closed. 16. PLANNING APPLICATIONS & MATTERS

- a. Councillors are asked to **CONSIDER** the following matters:

1. To CONSIDER any planning applications submitted to the Parish Council for comment as detailed below		
NIL		
2. To NOTE any planning applications that have been responded to via the Clerks delegated powers		
EPF/2004/25	6, Lilac House, London Road, Stanford Rivers, Ongar, CM5 9PH	Construction of a single self-build dwelling, alongside associated development.
<i>The Parish Council OBJECTS to this application.</i> <i>The Parish Council accepts the Inspectors position in terms of green belt, and that the only matter to be resolved is the EFSAC contribution, however no consideration has been given to the fact that by allocating the land as a separate dwelling, the number of available parking spaces for the doner dwelling (Lilac House - thought to be a minimum of 4 bedrooms), will reduce to 2 spaces. This would be contrary to the ECC adopted parking standards which would require such a property in this Low Connectivity location to have 3+ bedrooms, plus 0.25 visitor spaces. In addition, no visitor spaces are provided to the proposed new dwelling. Should the doner dwelling only have 3 bedrooms, it still does not allow sufficient space for any visitors. This needs to be addressed</i> <i>In addition, it should also be noted that the applicant has not provided any evidence to support the suggestion that this is a self build dwelling, i.e.</i> - <i>Personal Involvement in the Build:</i> • <i>The applicant must be directly involved in the design and construction of the home.</i> • <i>This can include physically building the home or commissioning professionals to build it to the applicant's specifications.</i> - <i>Intended Occupation:</i> • <i>The dwelling must be built to be occupied as the applicant's main residence.</i> • <i>It cannot be built solely for investment or resale purposes.</i> <i>EFDC Local Plan Policy H1 Housing Mix and Accommodation Types Part C(i) identifies that self build properties will only be supported where the location is appropriate in terms of access to facilities, services and public transport. Little End is not a sustainable location, has no public transport, and has very limited facilities.</i> <i>The Parish Council is willing to attend and speak at any planning committee meeting if necessary.</i>		
EPF/2108/25	22, Murrells Farm, London Road, Stanford Rivers, Ongar, CM5 9QE	Prior Approval for change of use of agricultural building into two new dwellings. NO CONCERNS
EPF/1831/25	Land adjacent to Willows End, Cumley Road, Toot Hill, CM5 9SJ	Construction of new dwelling. Resubmission of refused application.
<i>The Parish Council has NO OBJECTION to this application, however if permission is granted, it is requested that the following conditions are attached to said permission:</i> 1. <i>Require the applicant take out indemnity insurance to cover any structural damage or issues created to the adjacent two properties, most importantly Elm Cottage, covering at least 5 years, and a copy of this to be provided to the Local Planning Authority prior to construction.</i>		

2. <i>Restriction in terms of construction hours limited to 9am to 5pm Monday through Friday, and 9am to 12pm Saturdays, with no works on Sundays or bank holidays. The reason for this is due to the very close proximity of Elm Cottage, the significant noise that piling makes, and the creation of a basement, will create vibrations that will affect the amenity of residents during construction.</i> <i>The applicant to provide the Local Planning Authority with written details on a monthly basis of the regular monitoring (as detailed within section 3 of the structural engineers report reproduced below and highlighted in red) so this can be assessed to the satisfaction of the Local Planning Authority that there is no structural concern to Elm Cottage, the Highway, or any other neighbouring property.</i>		
EPF/1970/25	12, Surrywood, London Road, Stanford Rivers, Ongar, CM5 9PH	Removal of existing attached side garage and replace with one and half storey side extension, construction of two front-facing dormer windows and one rear dormer, addition of new front porch and infill of recessed front entrance. NO OBJECTION
EPF/1952/25	Stanford Hall Farm, Church Road, Stanford Rivers, Ongar, CM5 9QG	Grade II Listed building consent for restoration and repair to building fabric and structure. NO OBJECTION , subject to not being used as a separate dwelling
3. To NOTE any planning applications upon which EFDC do not accept comments

The Parish Council had no objection to this application, subject to a condition being imposed that the annexe is ancillary to the main dwelling, is not to be used as a separate dwelling, and that permitted development rights are removed from the address. Proposed was refused for Green Belt reasons.
2. Colemans Farm, Toot Hill Road, Stanford Rivers, Ongar, CM5 9QN - As briefly mentioned during the planning Zoom session held in October, and as emailed to Councillors on 12/10, following an appeal, the Enforcement notice issued on 7th May 2024 to cease the use of the land for the provision of tourist accommodation and associated recreational activities was quashed by the Planning Inspectorate.
